## Fingerprints

### LOVE PRINTING KIT INCLUDES

- One ink strip
- Fingerprint paper
- Love Printing instructions
- Prepaid return envelope

### BEFORE YOU START

- Read instructions carefully
- For young babies we recommend you have two people on hand to take the prints. One to hold the baby and one to take the prints.
- Choose a time where your child is calm and relaxed.
- Once prints have been received we will check they're suitable for use.
- Please note the prints you take on the paper will be the prints used to make your stunning piece of jewellery. Please make sure the fingerprint is clear this is very important.
- If you need a new Love Printing Kit this can be purchased off the website for a cost of £5.00

### OUR TIPS

- Use the flat part of the fingerprint rather than the top.
- The more detailed part of the fingerprint is further down towards the crease of the finger.
- Do not roll finger. The lighter you touch the paper the clearer the print will be.
- For young children try thumb print.
- Take multiple prints

### RETURNING YOUR PRINTS?
